

# REVIVAL FIRE

## MAY 3, 2008 WORD RECEIVED BY DEBBIE PERRICELLI

This is not just another move. This is not just another anointing. This is a sovereign fulfillment of My Word bringing to pass all that I have desired and all that I have prepared to send a mighty revival that is sweeping the earth with dramatic, transforming, creative miracles such as the world has never witnessed in the history of mankind. A shocking display of My infinite power and My eternal glory exploding at this time to all generations that will so captivate those who believe and propel them into places in My Spirit they cannot now comprehend. A seeking generation transformed by My glory. This is My hour to shine brightly in a world corrupted and defiled by sin with those who have turned aside in their darkened minds and hearts. This is My hour to transform My vessels of honor into vessels of glory - carriers of My presence. I have come to be seen. I have come to be felt. I have come to be known! The tidal wave of My presence is rising, crashing through the corridors of time, and the winds of change are blowing fiercely to shake loose all that is bound. This is a new day. This is a new time. Arise and awaken yourselves from slumber, for this is My time to be glorified in all the earth!!

## MAY 4, 2008 VISION RECEIVED BY DANIEL NELSON

Friday night I was standing during worship and I saw a whirlwind that was heading clockwise when all of a sudden it stopped and spun in the other direction. I felt a wind blowing and heard "There is a wind of change that is taking place". Then I saw people being messed up, it was like their outward appearance was all messed up, clothes were all shuffled, in other words totally transformed because of the wind that was blowing through them, not something that was simple but transformed. When I was in Lakeland, I was standing watching the team worshipping and I felt the anointing, I felt God's presence, and said "God this feels comfortable, this feels normal". Then I saw myself on the stage and I went into a vision. I saw people rushing into this church and it was being packed. Pastor John and Pastor Maureen were flying all over the world and I had to call them on my cell phone. "There are so many people I don't know what to do I feel like I need to rent something else". While speaking to him I had a vision of Dorton Arena and I flashed and went there and all of a sudden I said "I don't know how we are going to do it but we need to rent that place Pastor John". I said, "I don't know what else to do". He said "Just rent it, I'll be back later on, keep things going and we will keep flying all over the world". I am saying that revival isn't coming, it is already here. We don't need to wait for God to do something, He is already doing it.

## MAY 4, 2008 VISION RECEIVED BY CHRIS WHEATON

Sunday before we left for Lakeland we were here in church. During worship I saw a vision of us lined up and on the left hand side of the line there were two trash cans, one said "strongholds", and the other said "principalities". In front of all of us was an Ark, Noah's Ark, and we were going to get on it. The only way we could get on it was for people to throw their "junk" away because if you didn't you could not get on the Ark. Today during worship I saw a huge tornado going through Lakeland then up through Charlotte through Morning Star, and it came right in here. It went through the middle of the building, tore the building apart and was "messing" people up and revival was breaking out like crazy.
