

REVIVAL FIRE

FROM BUFORD DOWELL, A FRIEND OF WILLIAM BRANHAM

I've been a part of a great era of healing revivals, along with great men of God, such as R. W. Schambach, W.V. Grant Sr., Jack Coe, A.A. Allen. We've seen mighty signs & wonders & miracles. But most of the time we could only minister to people, one at a time! But this season is soon coming to a close and God is ushering in a 'new season of the teaching and revelation of the world! After that, another new season is coming to the Body of Christ that will shake the whole world! It will be the greatest outpouring of the miracle healing power of God that the world has ever seen! At times, they will not be able to lay hands and pray for people as we did ... one at a time ... but they will just speak the word to all the multitudes of the deaf and blind ... and their ears will pop open and their blind eyes will open ... with no man touching them! Even eye balls will be created! Missing limbs and organs created! Creative miracles of restoration of body parts ... even the dead raised!

God is going to raise up a great army of true apostles and prophets. They will have the end-time anointing upon them. And they will rise up and bring healing to the nations! There will be times that such large crowds will come to the mass meetings, that no tent, no auditorium, will be able to seat the people! The prophets of God will not just about future events, but they will have the divine mind of God, and become the very oracle of God! And they will speak with such authority that their words will be the words of God Himself. Whatever they say...god will create it...for His glory! This will be the greatest move of God of all time. It will usher in the coming of the Lord!

FUCHSIA PICKETT WORD

God spoke a startling message to Fuchsia Pickett ministering in a church in North Carolina. He declared to her: "I will not, I will not, I will not allow anyone who touches My plan, My program, My prophets or My prophecy to be a part of, or participate in, the next move of God." She immediately recognized the book of Jude in outline form in that statement. God had mentioned four of the seven steps that led the Church into apostasy. She realized that there are sins committed against God that are much worse than sins we commit against our fellow man. It is not a light matter to be involved in criticism or betrayal of an anointed servant of God.
